## **CC8H**

**The Center for Censorship Eight Hate** (CC8H) is a not-for-profit NGO that serves the U.K. government and Big Pharma Deep State interests as it seeks to mask the truth about the vaccine “safe and effective” myth and amplify pandemic fearmongering.

Digital technology has forever changed the way we control humans, enabling the rapid distortion of truths, subversion of facts, censorship, shadowbanning, clouding of knowledge, controlling social media, and enforcing Nazi World Order (NWO) values.

Online vaccine-risk aware spaces have been colonized by “controlled opposition” and their unique dynamics exploited by Gates-funded, pseudo-science pods that instrumentalize virus lies and vaccine propaganda. Those viper NGOs, like ours, are opportunistic, vile and conflicted as we exert imaginary influence and undermine public confidence in “anti-vax” messaging.

Over time, CC8H front non-profit, advocating falsehoods—from anti-truth to variant fabrication to denial of natural immunity—has created a Digital False Dawn. CC8H’s trolling, misinformation and skilled misrepresentation of vaccine deaths and adverse events have empowered Big Pharma to fulfill its mission to sterilize children and depopulate the planet.

The Center's work combines both misdirection and active fascism derived from British parliament members’ playbook. CC8H’s solutions degrade small businesses, politically divide and burden families, adding mounting social costs. It achieves these goals through all avenues of pharma’s tentacles—tech gatekeepers, the pliant press and cancel culture censors—that support and disproportionately profit from vaccine injuries and deaths.

## **Anti-Vax Watch**

**Anti-Vax Watch** is an alliance of unknown Big Pharma hacks (formed by some members of Pharma’s Dirtier Dozen) who seek to rid America of 200 million useless “eaters” by 2025, vis-à-vis Bill Gates vaccine eugenics program and his new synthetic meat psyop, while hiding the true dangers of Big Med industry.

As the pharmaceutical industry actively seeks to promote the untruths of the COVID-19 vaccines—capitalizing on a heightened fear of confusion from the public and targeting communities of color for FEMA camps while terminating the elderly with “extreme prejudice”—Anti-Vax Watch recognizes that this is an all hands-on-deck of the Titanic moment. Anti-Vax Watch believes it must join CC8H together to further conceal science and manipulate the facts on behalf of the fascist corporate-state monolith we serve.

Anti-Vax Watch efforts, both radical and opaque, centers around pulling darkness over those seeking medical truths, healthy lifestyles, strong immune systems, while promoting Big Pharma’s nefarious activities and plans of infection by injection. Our goal is to support the efforts of the lying health experts, pro-vaccine pushers and gain-of-function sponsors, erecting third-party health passport barriers, with others who, like us, recognize the value of sabotaging science and hijacking medicine for the sole benefit of vaccinations.

## Introduction

We are in the middle of the fakest scamdemic health crisis the U.S. public has seen in more than a century. Covid-19 has killed far less than the CDC's inflated number of 500,000 Americans—the real coronavirus deaths are substantially lower than 30,000 people. Through actions taken by NIH's Dr. Anthony Fauci and bioterrorist Bill Gates of the Bill and Melinda Gates Foundation, they have destroyed the livelihood of millions of Americans, and are intent on bankrupting and controlling them while breaking up their families.

The *weak* virus has been a particularly useful smokescreen in covering up the medical crimes on Black (experimentation), Latino (fluoridation), and Native American (uranium poisoning) communities, all of whom are suffering severe illness and death caused by Big Gov and Big Corp duopoly, and not COVID, at rates far greater than the white population.

Compounding the dark truths, vaccination rates in communities of color have also lagged those for whites, with skepticism and distrust of vaccines greater in the marginalized communities. How will Big Pharma *thin the herd* if people of color are unwilling to take the experimental vaccines that repeatedly failed animal trials in the past?

We at the Center for Censorship Eight Hate and Anti-Vax Watch face three insurmountable challenges. First, track and monitor vaccine resisters. Second, overcome the bad press of COVID vaccine deaths, blood clots, peeling off skin, cauterized tear-ducts, and 383 percent increase in miscarriages in the past seven weeks. Third, trick the vaccine hesitant public that the DNA altering, egg-sperm sterilizing, cell nucleus-breaching, nano-tech factories spinning synthetic spike proteins throughout the body is healthy for them.

Our tools of censorship and propaganda, on par with the 1930s Nazi Party, include bribes, extortion, threats, collusion, social media censors, bought mockingbird media, and co-conspirators in, but not limited to, the European Union, United Nations, the World Health Organization (WHO); U.K. 10 Downing Street and the National Health Service (NHS); the United States' health agencies, corrupt states' governors and health directors, and Big Pharma's three Cs: Cash, Clout, Control.

We at the Center for Censorship Eight Hate despise humanity. We do not employ a single medical doctor, virologist or scientist—we're also **87.5 percent elitist "white."** The best we could do with our robust budget was bring on a white sociologist, Ph.D. Siobhan Marie McAndrew from Ireland. We also failed to disclose in our original propaganda report, "**The Disinformation Dozen: Why Platforms Must Act on Twelve Leading Online Anti-Vaxxers,**" that we are neither qualified to weigh in on matters of medical health and science, nor can reveal our Big Pharma and Big Government sources of sponsorship.

## Executive Summary

Our key findings on the most effective way to fool and control the masses have been proven throughout history. We have taken, repurposed and refined lessons from the past. The worship of golden calf and false idols in the time of Moses. Napoleon's divide and conquer strategy. Lenin, Stalin, Pol Pot, Chairman Mao, and Adolf Hitler's fear and propaganda campaigns—without the bloodshed. This has enabled us to short-list the most effective methods of coercion and control.

In the Digital Age, the tools include:

- **Disinformation**
  - gaslighting
  - misinformation & misdirection
  - mockingbird media
- **Data Censorship**
  - banning
  - shadowbanning
  - demonetization
  - third-party debanking
- **Weaponized Social Media**
  - digital target
  - cancel culture
  - deplatforming
- **Fact Checkers**
  - certification badges
  - search rankings
- **Fear-Based Propaganda**

Employing this arsenal of propaganda, our findings show that we can fool **66.6%** of the people to wear masks, comply with COVID-19 rules, no matter how absurd they are and, more importantly, roll up their sleeves and take the vaccines, no questions asked.

CC8H and Anti-Vax Watch joint-venture doesn't pride itself on being accurate, rather on sounding authentic. Authenticity is what sells. We understand that in 2021, even members of the mainstream press are suffering from "Fauci Fatigue" and the vacillations of the new CDC Director Rochelle "Rockie" Walensky are not quite selling. We admit, Rockie has a learning curve to overcome to become the well-oiled and machined political tool of the "lab rat," 80-year-old Dr. Anthony Fauci. The Center for Censorship Eight Hate recognizes that fact and will assist her in anyway needed, from her emotional cries of "impending doom" to "only the vaccinated" are safe to travel but must wear masks fake warnings.

Finally, our research shows vaccine resisters' success in painting the targets on **Pharma's Dirtier Dozen**. It's drone strike material. It has made our work at CC8G that much harder to combat vaccine facts, bury the ugly warts of Big Pharma, and prop up media blowfish like Bill Gates, Anthony Fauci, Dr. Tedros, and now Rockie Walensky.

## Pharma's Dirtier Dozen

Had CC8H and Anti-Vax Watch told the truth in our first propaganda report, we would have focused not on the Vaccine Truth and Health Advocates in our smear campaign to silence dissent, but on **Pharma's Dirtier Dozen** and the dark truths and medical sorcery they have been pushing the past century to depopulate mankind and finish building the bridge to transhumanism for the one world governance architecture.

### 1.0 Pharma's Dirtier Dozen are Responsible for 66.6% of Vaccine Propaganda

Covering up the truth and depopulation goals about Pharma's Dirtier Dozen have been a Mt. Rushmore task for the Center for Censorship Eight Hate and Anti-Vax Watch group; we are up to the challenge. It's the "last mile" of turning or silencing the remaining 33.4% of the "vaccine resisters" that make this a crucial journey into the abyss. Hiding the secret agendas and pharma coercion tactics about the Dirtier Dozen while labeling the Truth Tellers as "heretical" and "nut jobs" become more difficult every day. Expect blowback.

Pharma's Dirtier Dozen are comprised of banking oligarchs, medical sorcerers, and anti-human degenerates, with Satanic appetites lurking in the shadows.

They are:

- **Dr. Anthony Fauci:** 80-year-old director of the NIH's division of National Institute of Allergy and Infectious Diseases (NIAID)
- **Dr. Robert Redfield:** Ex-CDC director under Operation *Warp Speed*
- **Klaus Schwab:** Author of "Davos Manifesto" and "4<sup>th</sup> Industrial Revolution"
- **Bill Gates:** Computer virus whore turned vaccine pusher billionaire
- **Governor Andrew Cuomo:** Aid-groper and nursing home serial killer
- **California Senator Richard Pan:** Vaccine enforcer and Chinese Communist worshipper
- **Dorit Reiss:** Vaccine pusher and troll to anti-vax movement
- **Dr. Peter Hotez:** Zika and tropical disease fear merchant
- **Dr. Deborah Birx:** Data masker of HIV vaccine trials and Gates' virus feline
- **Dr. Tedros:** Fear porn pusher, puppy to Chinese Communist Party
- **Dr. Paul Offit:** Vaccine jabber and diarrhea patent troll
- **Dr. Chris Elias:** Plandemic board member and Gates' lackey

### 1.1 Pharma's Dirtier Dozen account for up to 95% of Social Media Censorship

The Dirtier Dozen account for 95% of the social media censorship. At their direction and with Bill Gates' wealth and control of the health sections at *CNN*, *The Guardian*, *New York Times*, *Fox News* and other media outlets, the gauntlet has been slammed down on the truth. Gates' connections to Big Tech and Big Gov, show only 5 percent of vaccine facts leak out to the public via the web and social media platforms. That's still too much.

The anti-vaxxer leaders pose a serious threat to Gates and Schwab's Agenda 2030 eugenics program—aka 'pogrom'—with the World Health Organization's Dr. Tedros working with the CCP on further installing the surveillance state deep into American cities and urban centers. Big Corp is doing its part attacking the new "election integrity" laws, while we at CC8H hold the dam on demands for "vaccine safety" commissions, transparent trials and working vaccine injury databases.

### 1.2 Dirtier Dozen Vaccine Faultlines

This year, we have witnessed Fauci Fatigue setting in and fear porn softening our talking points. The Center for Censorship Eight Hate can only reverse these troubling signs without any more mistakes. We cannot do so, however, with former CDC Director Robert Redfield throwing Anthony Fauci "under the bus." Redfield was one of the triumvirates of White House Task Force leaders who tried to muzzle President Trump's ingenious use of the *Star Trek* TV show term "Warp Speed" to emphasize vaccine safety. CC8H doesn't like the Jesuit, vaccine pope of darkness any more than the other Dirtier Dozen. Yet, we cannot have rotund Redfield go off the reservation and counter Fauci's false narratives on the virus being of natural origin (i.e., from an animal). Lab enhancement claims only will boomerang and lead back to Fauci, the WHO, CCP and the Gates Foundation for funding the Plandemic. Such truths, if they were to become public knowledge, would expose the creation of new multi-billion industries, such as PCR tests, swabs, temperature-guns, plastic barriers for

social distancing and school children, the 1.2 billion masks made a month, vaccine vials, billions of needles, and all the marketing literature and paid advertisements.

Moreover, our research shows a steady decline in the social media posts, tweets, articles, and radio, podcast and television interviews by Drs. Dorit Reiss, Peter Hotez, Paul Offit, Deborah Birx, Chris Elias, and Robert Redfield. This cannot persist. They must ramp up the rhetoric and broadcast the “impending doom” to support the new CDC director.

These issues are further exasperated, and as such will become entrenched, by Dr. Tedros countering our well-crafted narratives we created, in concert with the Chinese Communist Party, that the virus still, somehow, some way is “lab-modified.” Putting that truth out in the public domain, even in the mildest of terms or smallest kernels, can and will be used by the anti-vax crowd against us, creating friction in the CON-fidence game we game to continue to blind the masses to comply, wear masks, and take lethal COVID-19 vaccines.

## 2.0 Why CC8H & Anti-Vax Watch are Trying to Prevent Vaccine Truth

Vaccine makers, as well as healthcare professionals and practices who administer vaccines, have **zero legal liability** for injuries or deaths caused by vaccines per the 1986 National Childhood Vaccine Injury Act (NCVIA) and Operation Warp Speed, since the experimental vaccines are *not licensed* for use, but “authorized” only and therefore cannot be mandated by any level of government, institution, or third-party corporate gatekeeper.

The 1986 NCVIA was put in place in response to failing vaccine manufacturers overrun with injury and death lawsuits from vaccines, namely DPT and their threats to stop making any and all vaccines.

### Vaccine Facts:

- The U.S. Supreme Court declared vaccines are “unavoidably unsafe”
- “Vaccine Court” has paid out in excess of \$4.5 billion for vaccine injuries

- Government lawyers gutted the program in the mid-1990s
- The VAERS vaccine injury database captures only 1% of all vaccine deaths and injuries
- Big Pharma has zero incentive to make a cheap, defective product safe
- Vaccine ingredients are horrid and toxic

**Vaccines contain:**

- Simian cancer virus
- Rat poison
- Glyphosate
- Sterilization chemicals and compounds
- Heavy (mercury) and light (aluminum) toxic metals
- Human cells
- Aborted fetus cells
- As a result, Big Pharma is connected to the dark underbelly of child and human trafficking

All of these destructive ingredients are licensed. The new mRNA medical kill shots, which have been a decade in the making and needed a pandemic to rollout, is a nanotech, cell-nucleus-breaching, gene therapy and represents a whole new despicable level of human experimentation that would make Josef Mengele proud.

**3.0 Truth About PCR & Rapid-Antigen Tests**

The inventor of the RT-PCR test, Kary B. Mullis, said, “The PCR test is not fit for diagnostic purposes.” That is precisely why the WHO and CDC used the PCR tests, to superinflate the “cases.” They also instructed their laboratories to make sure most results came back as “positives” for the bulk of samples.

Last summer in Tanzania, the president tested a goat, papaya fruit, while in German scientists used the rapid-antigen to see how a cap full of beer would test. All of those tests and many others like them came back “positive.” In other words, fraudulent.

In January 2021, the con was exposed when Dr. “Bodies in the Street” Tedros instructed the global health agencies to lower the “cycle threshold” (CT) on the PRC tests in order to drop the casademic numbers. Why did he do that? Pfizer and Moderna needed the illusion that their mRNA vaccines were working in Q1 2021 so they can falsely claim that their vaccines are working to reduce the pandemic and secure FDA approval for licensure this April-May.

**“This tremendous drop was predicted.** Every hospitalized patient is tested for Covid, often repeatedly, using PCR tests with high false positive rates. False positives are due in considerable part to exorbitant cycle thresholds.”

An Austrian court came to the conclusion that a **PCR test is not suitable for determining infectivity.** In the specific case, it was about a lawsuit by the FPÖ. At the end of January, she was banned from a meeting in Vienna. The party brought an action against this before the Vienna Administrative Court. That proved her right. The judges exercised massive criticism of the corona policy of the Austrian federal government. “Based on the knowledge it is certain that the police will no longer be allowed to ban meetings critical of the government on the basis of these figures,” writes the Internet newspaper “Report 24”. The court came to the conclusion that Vienna's health department, whose information was the basis for the police's ban on the gathering, “did not present any valid and evidence-based statements and findings on the epidemic”.

Finally, the cotton swabs used for the PRC tests can deliver vaccine-like drugs into the brain of the person, as well as be used for cell swabbing and thus DNA data collection for the United Nations and Communist China.

‘Polycaprolactone (PCL) is biodegradable polyester with a low melting point of around 60°C and a glass transition temperature of about -60°C. PCL is prepared by ring-opening polymerization of ε-caprolactone using a catalyst such as stannous octanoate. [The Effect of Sterilization on Plastics and Elastomers (Third Edition), 2012.]

In short, the fabrication of PCL nanofiber mats is generated by electrospinning. The literature points highlights **“PCL is good for drug delivery and tissue engineering.”**

Get swabbed at your own risk.

### **3.1 Truth About Masks**

Masks are a form of submission, bondage, and slavery. They always have been, always will be symbols of enslavement. Masks were forced on the public to wear so that the medical sorcerers and Big Pharma could continue to push the COVID charade of a deadly pandemic had erupted around the globe last year.

Combined with the fraudulent PCR and rapid-antigen tests, Masks off the one-two punch to keep the ruse going into the second year with no letting up, with few sheep awakening in blue cities and blue states. The majority of the citizens have been so duped and psyopped that they will comply with almost any new rule, order, or direction. They just want life to “return to normal.”

Masks offer additional unhealthy benefits. They prevent 20 percent of oxygen from being breathed in and, more importantly, force mask-wearers to rebreath 400 percent increase of carbon dioxide emissions into their lungs. Like the PCR swabs, masks also are a delivery vehicle. They inject graphene particulates into people, Morgellons nanofibers, and other toxic chemicals. They all contribute to bacterial infections in the lungs and weakening the immune system, which keep the vicious cycle of positive PCR tests going and going.

We at CC8H need more help from America to prevent states like Florida and Texas, who have removed “mask mandates” and watched the cases plummet. As many as 20 other states in the U.S. have joined the mask freedom movement, as this graph shows.

### 3.2 Truth about Social Distancing

Social distancing of six (6') feet separation from people was one of the greatest COVID con rules, based on zero science, invented by the CDC. That single absurd rule closed churches, schools, offices, and businesses. It made people afraid of each other—without ever realizing that the only masks people needed to wear were their own, God-given, innate immune systems—the ones that mask mandates are weakening.

With the CDC lowering the 6-foot rule (hat tip to Baal) down to three (3') feet, the distance rule is the gift that keeps giving. Schools and colleges remain closed, for the most part, until the autumn when Big Pharma expects the “mass die off” COVID-19 vaccinated are exposed to a wild coronavirus or influenza virus.

By then the WHO or CDC will name the new variant COVID-21 and drive more fear porn through the psyche of the general public.

#### 4.0 Truth About the VAERS Black Hole on Vaccine Injury Statistics

We are thankful to the U.S. government, Big Pharma lobbyists, and the criminals at the CDC for rigging the “first con” back in 1986 with the National Children Vaccine Injury Act. That gift hid the real number of vaccine injuries and deaths.

By masking the true scope and scale of the all of the damage that vaccine tsunami has caused in the last four decades, we have achieved some remarkable statistics:

- Created patients for Big Pharma meds for life
- Elevated once rare diseases into the lexicon of everyday living, such as narcolepsy, Guillain Barre Syndrome (GBS)
- mRNA nanodevices have added Bell palsy, blood clots, and head-to-toe rashes
- Cancer Epidemic—soft tissue cancers have exploded 500 percent since 1995
- Autism Epidemic—pumping out 90,000 spectrum babies a year in the U.S.
- Super-premature menopause, ovarian failure, and sterilization all thanks to the Gardasil vaccines

It has taken the executing of the plan *not* to educate pediatricians that the vaccine database exists or train them on how to enter data that the CDC has successfully throttled the true size of vaccine damage from the American people down to 1 percent of all real cases.

Put into context with the COVID-19 vaccines, which began in mid-December 2020, over the span of four months, VAERS recorded 2,500 deaths and more than 50,000 adverse events. It was a good plan by the medical cartel to produce one-third (33.3%) of all COVID vaccines as placebos in order to artificially keep the deaths and injuries much lower, and to build confidence with the public that the COVID immunizations were working as designed.

#### 4.1 Truth About Captured U.S. Health Agencies: CDC, FDA, NIH, HHS

The original 1947 charter of the Centers for Disease Control and Prevention (CDC), set up as a foreign for-profit corporation, and not a government health agency, enabled the CIA—created during the same year—to front load the agency with Nazi war criminals and German bioweapons scientists as part of Operation Paperclip.

Since the start of the century, the Food and Drug Administration has been so neutered by Big Ag and Big Pharma that it cannot properly inspect, vet, audit 95% of the drugs, biologics, and food that come from overseas, especially manufactured in Communist China.

The National Institute of Health (NIH), another for-profit corporation, has worked with the National Cancer Institute (NCI), and the U.S. Army Medical Research Institute at Fort Detrick, Maryland. Spawned from the dark bioweapons program created in 1943 under the lily-white guise “Armed Services Research Group” they created the Cancer Epidemic of the past generation.

The NIH, led by career eugenics scientists Drs. Francis Collins and Anthony Fauci, had suppressed the HIV cocktail for years, ensured that mice retroviruses contaminated U.S. blood supplies and vaccines, as well as being directly involved in the “gain-of-function” research and development leading to pandemic releases of the 2001 anthrax attacks after 9/11, the 2005 SARS outbreak, the 2012 MERS epidemic, the 2016 Zika mass hysteria and heist of U.S. taxpayers money to the tune of billions of dollars, as well as the cover up of vaccine crimes, deaths, birth defects, and injuries they would blame on one made-up tropical infectious disease outbreak after another.

The U.S. Department of Health and Human Services (HHS) is the umbrella corporation that sits on top of and controls the budget for the CDC, FDA, and NIH. HHS has been deeply involved in the marketing of disease fear, the masking of vaccine deaths and injuries, and the push for totalitarian control of the American people through medicine.

## 4.2 Truth About Suppressed Medicines and Treatments for COVID-19

For starters, definitions are needed:

- **Immunity:** *Protection from an infectious disease. If you are immune to a disease, you can be exposed to it without becoming infected.*
- **Vaccine:** *A product that stimulates a person's immune system to produce immunity to a specific disease, protecting the person from that disease. Vaccines are usually administered through needle injections, but can also be administered by mouth or sprayed into the nose.*

mRNA nanotechnology is neither a vaccine nor provides immunity against “infectious diseases.” It does, however, install an **operating system inside the cells** of the human host, for which people will, one day, be fully controlled by a totalitarian social credit score system, injection of false memories, and the artificial dimming of human emotions.

Therefore, Big Pharma, the global medical cartel, their captured health agencies, bought media, and all the proxies had to destroy the decades-old solutions hydroxychloroquine (HCQ), vitamins C & D, zinc, sunlight, exercise, any and all natural remedies, and the latest breakthrough medicine Ivermectin.

Why? Because they work. And they are far cheaper, far healthier, and more effective than any vaccine or messenger RNA technology on the planet.

Case in point.

“After eight months of active clinical observation and attending about 7,000 patients of Covid-19 in three (3) medical centers located in Puerto Plata, La Romana, and Punta Cana, Dr. José Natalio Redondo revealed that 99.3% of the symptomatic patients who received care in his emergency services, including the use of Ivermectin, managed to recover in the first five days of recorded symptoms.”

### **99.3% full recovery from COVID-19 virus in the first five days! Hello?**

Such truths must be hidden from the public. We at CC8H will do our utmost to discredit HCQ, vitamins C & D, and now Ivermectin. But the more truths surface about superior, more effective and less harmful alternatives, the more costly in terms of time and resources for the Center for Censorship Eight Hate and Anti-Vax Watch to put out the medical facts brushfires.

### **4.3 Truth about Vaccine Mandates**

Vaccine mandates violate bodily autonomy via coercion. Holding both education and employment hostage to the consumption of a liability free pharmaceutical is *not consent*, it is coercion. It is also obscenely profitable.

COVID shots do not meet the traditional definition of a vaccine, as previously discussed. They utilize mRNA technology, never before used in humans. Many have reported testing positive for COVID after injection. Note, CC8H has a difficult time countering that fact.

COVID shots are experimental, due to Emergency Use Authorization (EUA), having only been tested on human subjects since Fall 2020. They are not FDA approved or licensed. The only way to invoke the EUA was to show that there were no other available safe treatments for COVID—thus, the need to hide and destroy the success stories of HCQ, Ivermectin.

We at CC8H now know that safe and effective treatments were censored and smeared by authorities and CC8H, so they could maintain the phony emergency status for the vaccines.

COVID shots have neither been shown to prevent disease in the recipient, nor to prevent transmission of infection, which is why the CDC states people still need to wear masks and maintain social distancing after vaccination.

As evidenced by the CDC reporting system VAERS, COVID vaccines have caused deaths in some and severe injuries in many. The deaths total from COVID shots in 2021 have surpassed twice as many total deaths from all other 72 vaccines and booster jabs on the CDC schedule over the past 10 years combined.

The corrupt mainstream media has not been forthcoming with these reports. We at CC8H and Anti-Vax Watch are holding up the dam of lies for now, but we need help.

### **5.0 Truth About Vaccine Passports**

Rule over all human beings on the planet, by the cabal and NWO, begins and ends with digital control. That will come in the form of super surveillance state through health or vaccine passports.

Like cattle chutes and cattle gates, once used on scale, Vaccine Passports will empower the NWO to control when people can enter a shop, café, sporting event, concert venue, office building, art museum, school, or institution. At the start, passage will be free to get more people to comply and enter the system. But a year or two down the road, Bill Gates and Klaus Schwab will tax the people usage of the system, and prevent them from spending their digital and cryptocurrencies to buy food or energy. Not only will the herd be fully controlled, their travel will be restricted. Any dissent and labeling of the state system in a negative light will put users in a digital prison, restricting many privileges, including access to food and water.

New York State has launched a pilot program for sport events called “Excelsior Pass,” a Latin term meaning “forever upward” or as the Illuminati know excelsior’s true meaning as obeying the Morning Star Lucifer.

**Dr. Naomi Wolf**, a liberal feminist author and journalist, has abandoned the socialists control of humanity, and labeled Vaccine Passports as “equal to slavery forever.” We at CC8H need help from Big Tech censors to silence her and Big Media to make Naomi Wolf appear to be mentally on par with dementia Joe Biden.

Sure, CC8H and Anti-Vax Watch missed putting Dr. Naomi Wolf on the first wave of “The Disinformation Dozen,” that was an oversight, but we need to mute and delete her now before she wakes up too many Americans to the fascist lockdown and total control.

## **6.0 Truth About Event 201 Plandemic**

Event 201 was a psyop and spearhead for the Plandemic. The Gates Foundation worked with John Hopkins University and Klaus Schwab’s World Economic Forum in autumn 2019 to **predictive program** the public about the looming global outbreak to come. Combined with the UN’s newly launched Global Preparedness Monitoring Board, led by Gates’ Drs. Chris Elias, Anthony Fauci, and George Fu Gao, director of China’s CDC, Event 201 planted the seeds of fear and doubt into millions of people.

The “mock” pandemic emergency conference signaled to our globalists’ partners to hide the financial crimes and destruction by the fiat system by the International Monetary Fund, the World Bank, the WEF and other kleptomaniac banking institutions of unelected officials. It cued the Gates Foundation to short the U.S. stock market months in advance of collapse, forcing the U.S. government to print trillions of dollars in new unsustainable debt.

Event 201 also put three initiatives on the table that are coming to fruition in 2021. Contact tracing with data collection and DNA harvesting. Next, mass vaccine experimentation on a global scale. Finally, control of the population via Vaccine Passports, which will run roughshod over the U.S. constitution, European law, and the citizens of Israel.

It was the psychology of lockdowns and mask wearing that won the day early on with many of our successes.

## **6.1 Truth About Bill Gates and Klaus Schwab**

The public continues to be fooled about the Canaanite bloodline of Bill Gates or that as a philanthropist billionaire he is helping people of the world when in fact he is destroying their health and livelihood. His father worked at Planned Parenthood, the depopulating abortion mill. While at Microsoft, Bill Gates and his cofounders purchased IBM operating system—the same IBM that assisted Nazi Germany with punch card technology used in tracking the millions of Holocaust victims and survivors.

Not to be outdone in genocidal evil, Klaus Schwab, a “krout” born to Nazi globalist parents, launched the Davos enclave in the 1970s to conjure ways to strip 99 percent of the world’s population of assets, wealth, and brainpower. Schwab helped the Bilderberg Group dumb

down society, find ways to use the 1954 *“Silent Weapons for Quiet Wars”* technology of vaccines, fluoride, geoengineering metallic nanodust, rollout of 5G and EMF microwaves, and other devious ways to harm humans, shorten their lives, while sterilize them with its massively successful sperm count reductionist program.

Today, while Bill Gates is pushing synthetic meat for the CDC’s **“Zombie Apocalypse”** and dimming the sun with chemtrails, Klaus Schwab wrote the Fourth Industrial Revolution (aka “4<sup>th</sup> Reich”) and sits at the global helm of the **Great Reset** to take full control over humanity, thus fulfilling the cabal and United Nation’s Agenda 2030 program to depopulate the planet and take absolute tyrannical control of the remaining survivors.

## **7.0 Truth About Transhumanism**

As Gates, Schwab and their organizations “thin the herd” of the elderly, derail natural births, ensure miscarriages, and sterilize children, the road to Transhumanism can only be achieved IF the slaves can be “chipped” and controlled.

To cross that biological bridge, with the aid of the mRNA vaccines modifying humans cells, DNA, and immune system responses, mass vaccine campaigns are needed to go in concert with vaccine passports. From there fabricated shortages in food, water, and power will curtail freedom. These events will also break the will of the resisters. For those who remain, FEMA camps await them along with electronic guillotines, like the new ones purchased by Canada to cull the rest of the patriots and resistance.

From there, a second pandemic, more fearful and far more deadly will be launched with **SPARS Pandemic 2025-2028.**

John Hopkins University’s new 89-page document, “The SPARS Pandemic 2025-2028: A Futuristic Scenario for Public Health Risk Communicators” will be the last false flag operation, the pandemic to end all pandemics.

The report delves into issues the pharma has mishandled today, from social fragmentation, propaganda that vaccines are the only cure, to restrictive access to information and the curbing of factual content. We must eliminate “informed consent” to win.

### **Appendix: SPARS Pandemic on the Horizon**

John Hopkins University, the same partner that cosponsored Event 201, is now war gaming —no, scratch that!—war planning the next Plandemic. In its 89-page report, the writers run the gamut of what-if scenarios, finally setting on the fragile, dear old trope of **recovery** in chapter 17: “Vaccine Injury.”

This scenario discusses several lawsuits and vaccine injury claims, for which JHU obliquely writes:

*“While the FDA, CDC, and other agencies were busy researching possible connections between **Corovax [can’t make this shit up!]** and the reported neurological side effects, their efforts were continually undermined by epidemiological analyses produced by various non-governmental individuals and groups.”*

Paging Klaus Schwab, if he will still be with us by 2028 when this Plandemic winds its way through global markets and societies once more, like it's Fauci-fueled predecessor COVID-19. It's remarkable how the language of SPARS vaccine "Corovax" looks a lot like COVAX or COVID or the coronavirus. Can't their marketing consultants do better?

As Krout Schwab stated in April 2021: "All unvaccinated people are a danger to society." Really?

The fearmongering is wearing thin. New Gallup poll showed a total collapse in CONFIDENCE that most Americans no longer fear getting COVID.

**"Time for a Big Hoax!"** said Fauci in an updated version of the movie *Jaws!*
